Brighton and Hove City **NHS**
Teaching Primary Care Trust

Brighton & Hove
City Council supported

***We offer:**

- **A chance to TALK about what's happened.**
- **To REPORT the incident to the police on your behalf - this can be entirely anonymous.**
- **INFORMATION about where you can get help and what to expect.**
- **To send you a personal attack alarm and provide you with full SUPPORT.**

If you have been the target of any anti-LGBT hate crime, or know of an incident but don't feel able to report this directly to the police, we can help.

Volunteers are here to listen everyday from 5-11pm, even if you just need someone to talk to. And if you decide to report, we will support you throughout the process, keeping your information confidential and your contact details anonymous if you choose.
